Uncompromised Security for Surface™ Pro

Keyed Cable Lock for Surface Pro

Setting the standard by providing vigorously tested, non-invasive locking technology that is supported by Kensington's innovative common keying system, the Kensington Keyed Cable Lock is the superior security solution for Surface™ Pro.

Features & Benefits:

• **Exclusively designed for Surface Pro** to provide professional-level security and superior device engagement

• **Non-invasive locking technology** provides an easy-to-use security solution that requires no device modifications, preserving the Surface™ Pro's hardware warranty and aesthetics

• **Strong lock head** meets Kensington's industry-leading standards for tamper resistance, reliability and durability

• **5mm keying system** includes patented anti-pick Hidden Pin™ Technology and is part of Kensington's robust key management solutions that include Master Keyed and Single Keyed options to help IT managers minimise the number of keys required to secure devices in mixed technology environments

• **Carbon steel cable** resists and deters cutting attempts

• **Register & Retrieve™** program offers free and secure cloud-based key replacement

Why trust Kensington?

As the inventor and No.1 seller of laptop locks worldwide, Kensington's locking solutions accommodate 95% of the world's laptops, projectors, printers and monitors. With extensive professional accessory support for the Surface™ family of products, including rugged cases, sleeves, docks, hubs, locking kits, and privacy screens, Kensington is The Professionals' Choice™ for organisations incorporating the Microsoft® Surface™ line into their computing environments.
