

BROTHER'S BUSINESS INKJET RANGE

Delivering fast, professional and reliable print performance to small offices and business workgroups.

BUILT TO LAST.

Businesses need a device they can rely on. That's why the new Business Inkjet range has been engineered into robust business devices, delivering fast, secure and professional quality printing with the advanced connectivity and functionality needed to suit a demanding office environment.

TAKE THE HASSLE OUT OF PRINTING.

Combining flexibility with reliability, these powerful, business inkjet all-in-ones promise to deliver maximum performance, seamless connectivity and high impact, low cost printing.

BUSINESS CLASS QUALITY THAT'S BUILT TO LAST

Engineered to offer greater reliability, new robust build quality delivers a hardwearing and easy to operate device with high monthly duty cycles to suit workgroups with demanding print volumes.

WIRELESS PRINT AND SCAN

Connect seamlessly in the office and on the go with Wi-Fi Direct™ and enjoy wireless printing from your smartphone, tablet, laptop or desktop, without the need for a router.

CAPTURE AND SHARE INFORMATION WITH EASE

Document collaboration is quick and easy with the ability to capture and digitise paper documents. The large touchscreen allows you to electronically store and share files to cloud services including Google Drive™, OneDrive®, Dropbox and EVERNOTE®.

HIGH VOLUME PRINTING

Stay productive with fast print speeds and a first page print in just 6 seconds. With large 250-sheet paper trays and additional paper handling features, the Business Inkjet range expands to provide additional paper capacity for a variety of media types whenever needed.

HIGH IMPACT, LOW COST PRINTING

With crisp black text and vivid colour prints, you can create professional marketing materials and office documents that stand out with a new ink formula. Our optional high yield cartridges help you to keep costs down whilst reducing the frequency of replacements too.

MULTIFUNCTION RANGE

THE A4 ALL-IN-ONE THAT YOU CAN RELY ON

PRINT UP TO A3

MFC-J5330DW

Stay productive with fast print speeds, wired and wireless connectivity and professional quality printing.

Features:

- Automatic 2-sided (duplex) print
- 250 sheet paper tray & 50 sheet ADF
- Single sheet rear bypass
- 6.8cm touchscreen LCD
- 22 ppm monochrome and 20 ppm colour print speeds
- 6 second first page print
- In-box high-yield inks

MFC-J5730DW

Enjoy greater workflow capability with advanced paper handling and automatic 2-sided print, copy, scan, fax.

Same features as MFC-J5330DW plus:

- Automatic single pass 2-sided (duplex) copy, scan, fax
- Additional 250 sheet paper tray
- 100 sheet Multi-Purpose tray
- 9.3cm touchscreen LCD
- High speed fax
- 256MB memory

MFC-J5930DW

Ideal for companies requiring compatibility with existing IT systems.

Same features as MFC-J5730DW plus:

- Near Field Communication (NFC)
- PCL6 / BR-Script3 (PostScript®3™ Language Emulation) / PDF v.1.7 / XPS v.1.0
- Automatic low paper detection in both trays
- Direct PDF print from USB flash memory
- 512MB memory
- In-box super high-yield inks

THE A3 ALL-IN-ONE RANGE THAT'S READY FOR BUSINESS

PRINT, COPY, SCAN, FAX UP TO A3

MFC-J6530DW

Take the hassle out of printing with full A3 capability and experience the ease of printing, sharing and storing of documents on the go with cloud and mobile connectivity.

Features:

- Full A3 capability
- Automatic 2-sided (duplex) print
- 250 sheet paper tray & 50 sheet ADF
- Single sheet rear bypass
- 6.8cm touchscreen LCD
- 22 ppm monochrome and 20 ppm colour print speeds
- 6 second first page print
- 128MB Memory
- In-box high-yield inks

MFC-J6930DW

Stay ready for business with enhanced paper handling and a large intuitive touchscreen for easy navigation.

Same features as MFC-J6730DW plus:

- 100 sheet Multi-Purpose tray
- 9.3cm touchscreen LCD
- Near Field Communication (NFC)
- 256MB memory
- Automatic Single Pass 2-sided (duplex) copy, scan, fax

MFC-J6935DW

Ideal for companies requiring compatibility with existing IT systems.

Same features as MFC-J6930DW plus:

- PCL6 / BR-Script3 (PostScript®3™ Language Emulation) / PDF v.1.7 / XPS v.1.0
- Automatic low paper detection in both trays
- Direct PDF print from USB flash memory
- 512MB memory
- In-box super high-yield inks

MOBILE AND CLOUD SOLUTIONS

Smartphones and tablets are now an integral part of modern business practice. No longer just relying on desktop PC's and laptops to complete office tasks, we can now use mobiles and tablets to print, scan, store and access documents on the go.

The following mobile and cloud solutions make it simple for you to connect, print and share your information:

WEB CONNECT

Enabling you to connect your Brother All-in-One to your favourite third party cloud storage service. Documents can be scanned and uploaded or accessed to print instantly using services including Google Drive, Dropbox and OneDrive, direct from your printer without the need for a PC.

BROTHER APPS

Brother Apps are a range of cloud based document solutions designed to be accessed directly from your Brother device. Including Outline and Scan, Outline and Copy, Office Document Creator and Note Scan, Brother Apps offer simple, time saving document management solutions to help you work smarter.

BROTHER PRINT SERVICE PLUG-IN FOR ANDROID

Ideal for those using Android devices in the office that want to print wirelessly. Designed by Brother to work seamlessly with Android 5.0 or later, it offers a simple integrated solution for your network. Simply choose your destination printer and hit print, and the app will take care of everything else.

AIRPRINT

Allowing you to wirelessly print directly from your Mac, iPhone®, iPad, iPod touch and any other AirPrint compatible Apple device on the same network. Simply select the AirPrint icon and it will automatically find any Brother device on your network.

IPRINT & SCAN

Brother's own free app that makes printing from and scanning to your mobile easy. Compatible with Apple iOS, Android™ and Windows® Phones, iPrint&Scan automatically finds all the compatible Brother devices on your network.

GOOGLE CLOUD 2.0

Google Cloud Print 2.0 is a ready-to-go service that lets you print wirelessly to virtually anywhere. Any online printer that's registered to your Google account can accept files from any device that has the Chrome browser or the Android operating system, wherever you are in the world.

“WATCHING OVER YOUR COSTS, SAFEGUARDING YOUR PRINT”

SECURITY FEATURES

Today, keeping sensitive data secure is a top priority for many organisations. To provide your teams with the flexibility and security they need, our new Business Inkjet range include the following features:

INTEGRATED NFC CARD READER

Allows for additional pull printing solutions to be added, allowing users to access machine functions and release print jobs by using a compatible NFC card or badge.*

WPA2™ AND 802.1X

Stay secure no matter how you're connected with WPA2™ for Enterprise Wi-Fi security and 802.1x for network security.

SCAN TO FTPs

Secure scanning to FTP servers.
