hypagreen

probiotic powered cleaning

ASC20 | ASC100

ALL SURFACE & FLOOR CLEANER

Specifically formulated biological solution for cleaning and deodorising all hard surfaces

DROP IT IN.

SHAKE IT UP.

CLEAN IT NATURALLY.

1 sachet makes 750 ml of ready-to-use cleaning solution

EASY. EFFECTIVE. SUSTAINABLE.

Key

Naturally derived

Formulated using plant-based ingredients for a safer tomorrow.

Biotechnology powered

Advanced biological technology eliminates odours at the source.

Low environmental impact

Biodegradable formula that's gentle on the planet.

Safe & effective

Non-corrosive, safe to use and delivers high performance.

High standards of hygiene

Helps maintain cleaner, fresher and more hygienic environments.

Product description

A versatile everyday cleaner designed for all washable hard surfaces, including floors, walls, benches, glass and high-touch areas. Powered by probiotics, it removes dirt while continuing to break down organic residues and odours long after cleaning, leaving surfaces cleaner for longer.
