

# CLEAR SAFETY GOGGLES

For those working in areas where you need to block the splash of liquid, droplet or dust, these durable economy clear safety barrier goggles are ideal and provide general protection and resistance. Protective eyewear with full plastic design comfortably seals the eyes preventing injury from many fluids and chemicals. Reusable after thorough disinfection. Top and bottom vents prevent fogging.

## Features:

- Protection against fluids and debris
- Anti-fogging coating with top and bottom vents
- Wide lens for greater protection
- Comfortable & lightweight
- Soft flexible plastic for all day comfort
- Can be used in conjunction with face masks
- Elastic straps for adjustability

## Technical Specifications:
