Powerful Grip, Effortless Security.

This Ratchet Tie Down Kit with S-Hooks comprises the main strap with a plastic-coated S-Hook, plus buckle & tail strap assembly with S-Hook. Our strap loops are reinforced to reduce wear from fitting contact points for increased durability. As standard, our buckle has a contour plastic handle to provide increased user comfort and grip. Our 6m S-Hook Ratchet Tie-Down kit is a versatile unit for work utes, small trucks and restraining inside containers.

Like all our other quality ratchet straps and webbing products, they come with PU coating for increased UV protection and loops for hardware - including inner wear strips for extra strength and durability.

The F-Track Ratchet Tie-Down System works on any semitrailer, body truck, utes, containers that are fitted with F-track plates mounted to the side.

Silverback Ratchet Tie-Down Systems are designed to meet the ruggedness of the transport industry. Silverback straps are reliable and give peace of mind that your load is secure.

IMPORTANT – Load Restraints are not to be used for lifting applications.
