

Does your kitchen have optimised flow?

Reduce consumption by up to **37%***

Nothing should hold your team back when they're in full flow. With the Tork Reflex system, you can clear spills and mess quickly and cost effectively, without waste or fuss.

	Common issue	Tork Reflex solution
<p> Kitchen flow Kitchen staff rely heavily on paper towels for wiping and cleaning surfaces and hands</p>	<p>Interrupted flow Having products in the wrong place, constant run-outs or hard-to-access paper towels interrupts kitchen flow and leads to valuable time being wasted</p>	<p>Optimised flow Access to paper, one-hand dispensing and the rotating nozzle providing access to paper from any angle</p>
<p> Cost control Finances are tight for most restaurants</p>	<p>Overconsumption Uncontrolled paper consumption can result in overuse and waste</p>	<p>Reduce cost Single sheet dispensing reduces consumption by 37% compared to standard free-flowing systems</p>
<p> Cross-contamination Having access to paper towels that are also certified for food contact, makes a big difference to preventing hygiene risks</p>	<p>Risk of cross-contamination Bad hygiene practices like using the same dirty cloths repeatedly, leads to a spread of bacteria in the kitchen</p>	<p>Reduced risk of cross-contamination Disposable FZP paper wipers can be used to wipe down or strain food and users only touch what they take</p>

Tork Reflex is designed to fit to your work flow and keep on top of hygiene

Accessibility to wiping and cleaning products is essential when it comes to increasing efficiency in the kitchen. It enables consistent flow, so kitchen staff can collaborate and perform better to create quality dishes on time. Not having the right hygiene solutions can have big implications for staff and the flow of the kitchen.

Removable hood makes the dispenser easier to clean

Refills last longer so your kitchen has fewer interruptions

Run-out indicator ensures you're never caught without paper

New rotating nozzle with increased flexibility to take paper from any angle

Single-sheet dispensing controls paper consumption

Touch only what you take and reduce the risk of cross contamination
